

User Documentation

Step 1: Navigate the specified URL “ <https://goappwebportal.archesoftronix.in/#/> ”

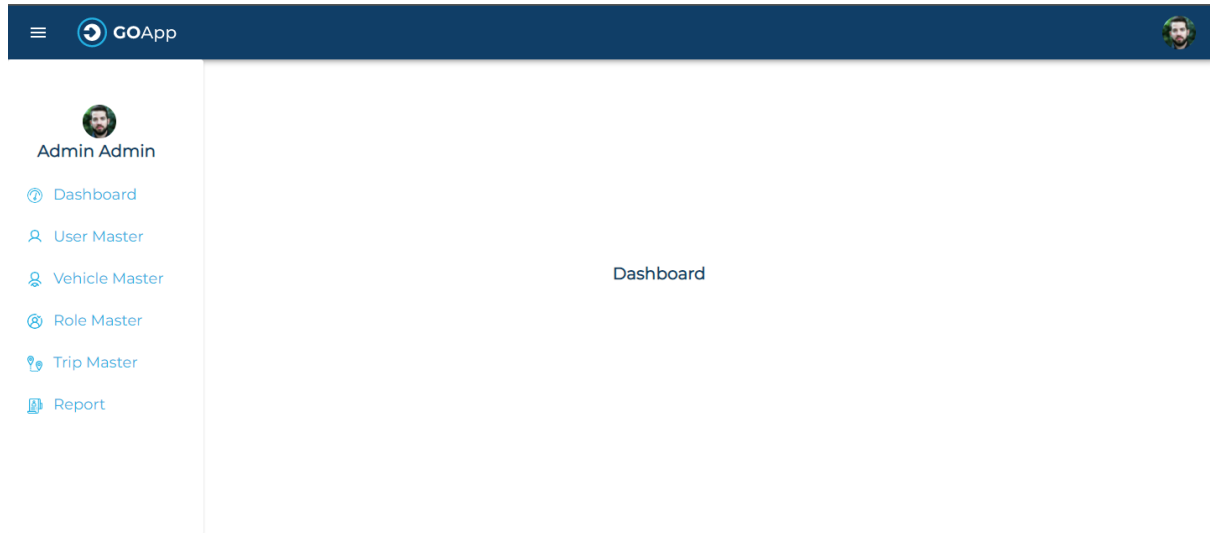

Step 2: Login Screen → " Enter Username = 'admin@123' and Password = 'Admin' "

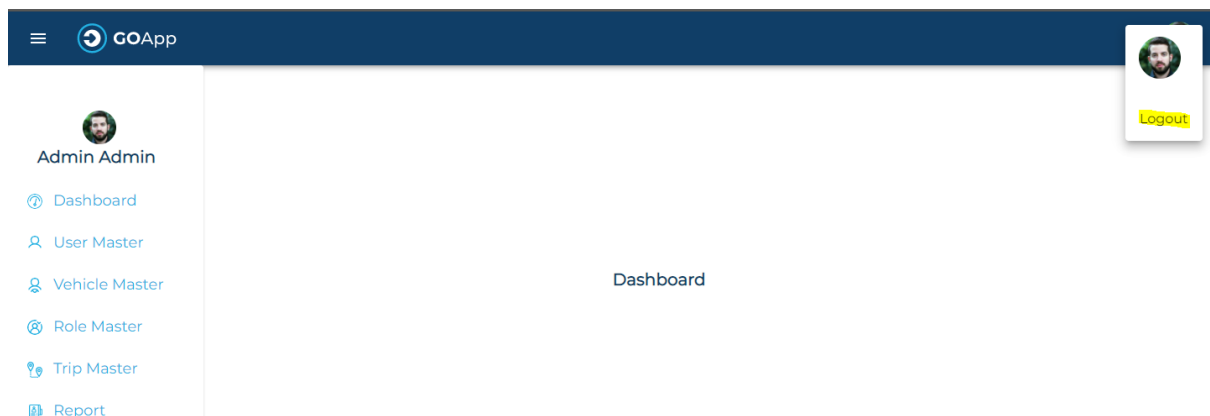

Step 3: Press enter key or hit login button. “Login successfully”

Step 4: Dashboard → now dashboard page will show

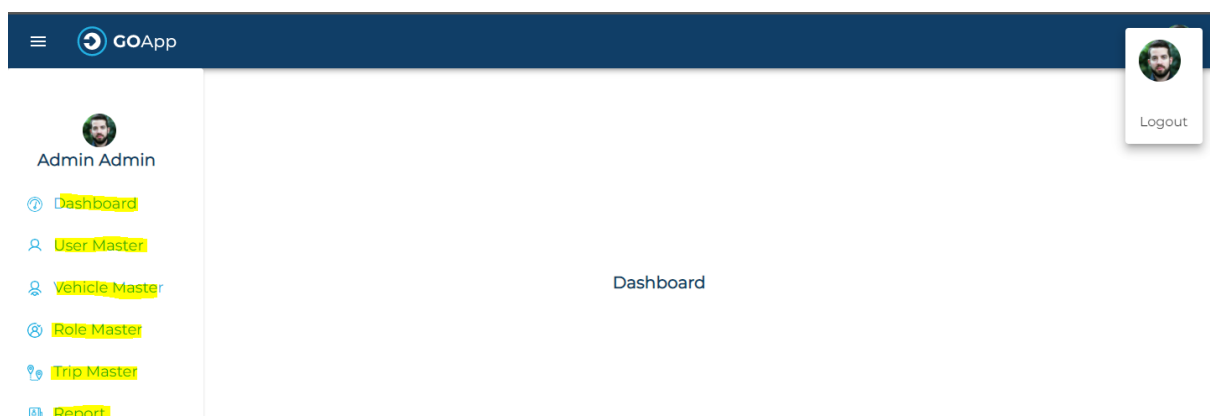

User Documentation

Step 5: Header → Logout Button –

Step 6: Left side → Dashboard, User Master, Vehicle Master, Role Master, Trip Master, Report etc. modules name will shows.

Step 7: User Master → Admin can add user, edit user, Delete user as well as assign role.

In user master module you can see all user list.

User Documentation

The screenshot shows the 'User Details Table' in the GOApp interface. The table lists user information including ID, Birth Date, User Name, Full Name, Email ID, Phone Number, Driving License Number, and a Manage column with edit and delete icons. The left sidebar shows the Admin Admin profile and navigation links: Dashboard, User Master (selected), Vehicle Master, Role Master, Trip Master, and Report. An 'Add User' button is located in the top right corner of the table area.

#ID	Birth Date	User Name	Full Name	Email ID	Phone Number	Driving License Number	Manage

Step 8: Click Add User → now “add user” page open

The screenshot shows the 'User Information' form in the GOApp interface. The form contains fields for First Name, Last Name, Phone number, Email id, User Name, Password, DOB (dd-mm-yyyy), Driving License Number, Address, Postal Code, and a Select Role dropdown. A 'Save' button is located at the bottom right. The left sidebar shows the Admin Admin profile and navigation links: Dashboard, User Master (selected), Vehicle Master, Role Master, Trip Master, and Report. A 'Show All Users' button is located in the top right corner of the form area.

Please fill the information below

First Name *
Last Name *

Phone number *
Email id *

User Name *
Password *

DOB *
dd-mm-yyyy

Driving License Number *

Address *
Postal Code *

Select Role *

Save

Step 9: Admin fill all the information of user

- First Name -
- Last name -
- Phone Number -
- Email ID -
- User Name -
- Password -
- DOB -
- Driving License Number -
- Address -
- Postal Code -
- Select role -

User Documentation

Step 10: Click on 'save' button. "User created successfully".

The screenshot shows the GOApp interface with the 'User Details Table' open. A modal dialog box is displayed in the center, stating 'User created successfully' with an 'OK' button. The table lists user details including ID, Birth Date, User Name, Full Name, Email ID, Phone Number, and Driving License Number. The left sidebar shows the 'Admin Admin' profile and navigation options: Dashboard, User Master, Vehicle Master, Role Master, Trip Master, and Report.

#ID	Birth Date	User Name	Full Name	Email ID	Phone Number	Driving License Number	Manage
216	24-02-2022	ojf m			1234867298	1234567890s2345a

Step 62: After updating trip information then automatically page redirected on trip list. Check updated trip in list with the help of scroll and pagination.

Step 63: If admin want Delete trip information then perform next step.

Step 64: Click on 'Delete' Button after that confirmation popup will show.

The screenshot shows the same GOApp interface, but with a confirmation dialog box overlaid. The dialog has the title 'Confirmation' and the text 'Are you sure you want to delete this trip?'. It contains two buttons: 'Cancel' and 'Confirm'. The background table is partially visible.

User	Vehicle	Source	Destination	Source Lat	Source Long	Destination Lat	Destination Long	Start Date	End Date	Manage
yuvraj Oscar	WQERl	pune	mumbai	18.5204303	73.8567437	19.0759837	72.8776559	04-03-2022	05-03-2022	  
yuvraj Oscar	Vehicle1	Pune	Mumbai	18.5204303	73.8567437	19.0759837	72.8776559	12-03-2022	24-03-2022	  

Step 65: Click on 'cancel' button for safe record or click on 'Confirm' button for delete trip.

Step 66: "Trip deleted successfully" and this trip delete from grid.

User Documentation

The screenshot shows the GOApp dashboard with a sidebar menu on the left containing: Admin Admin, Dashboard, User Master, Vehicle Master, Role Master, Trip Master, and Report. The main area displays the 'Trip Details Table' with columns: User, Vehicle, Source, Destination, Source Lat, Source Long, Destination Lat, Destination Long, Start Date, End Date, and Manage. A table row is visible with data: yuvraj Oscar, WQERi, pune, 72.8776559, 04-03-2022, 05-03-2022. A modal dialog is centered on the screen with the text 'Trip deleted successfully' and an 'OK' button.

Step 67: Check “MAP” icon for source and destination view.

Step 68: **Report Page**

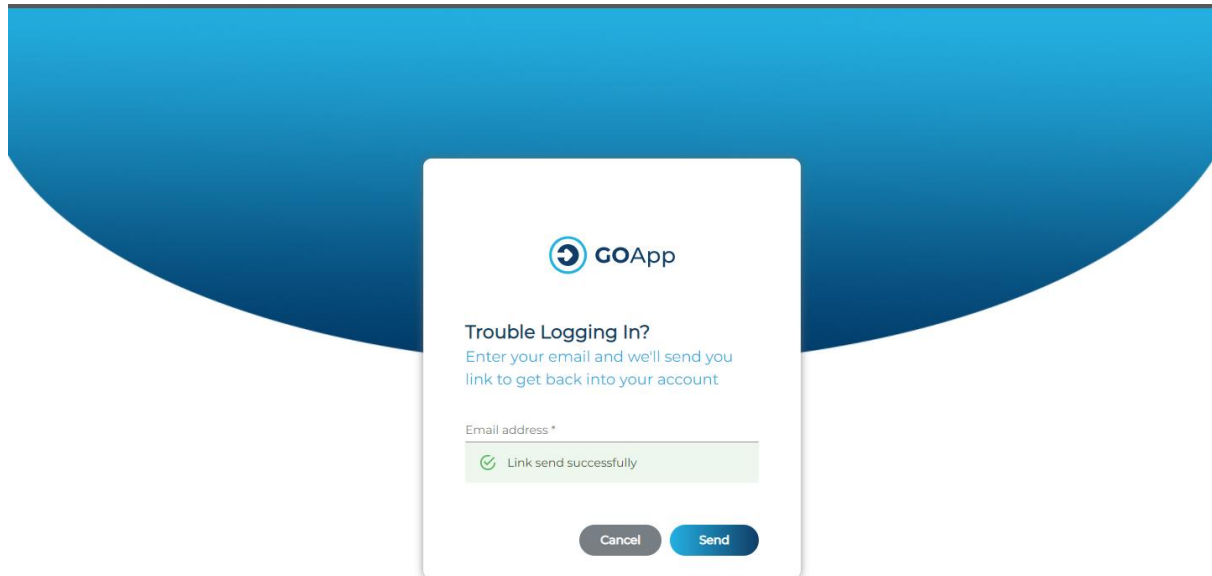

Step 69: Header → Click on profile → Logout

Step 70: “Forgot your password” – Admin can change password.

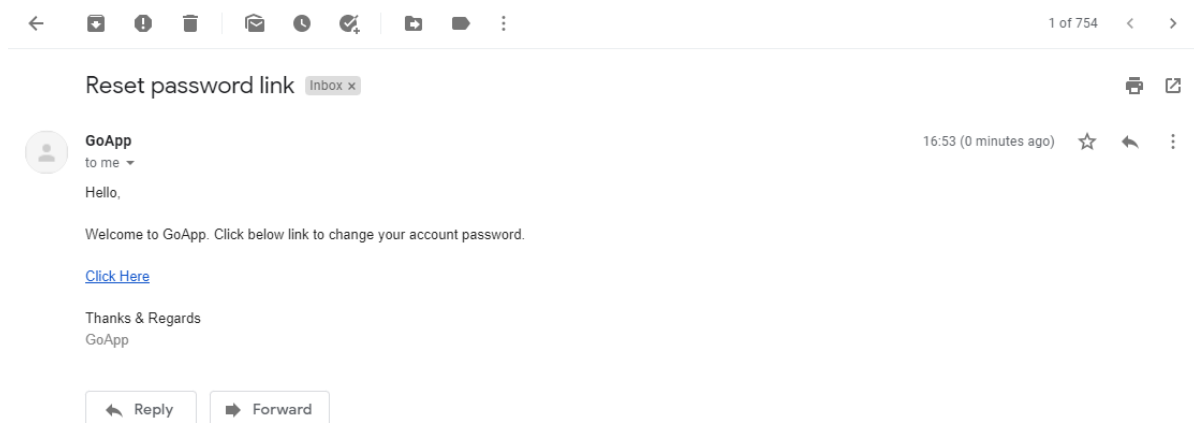

The screenshot shows a modal dialog titled 'GOApp' with the heading 'Trouble Logging In?'. Below the heading is the text 'Enter your email and we'll send you link to get back into your account'. There is an input field labeled 'Email address *'. At the bottom are two buttons: 'Cancel' and 'Send'.

Step 71: Enter registered mail ID admin@yopmail.com and “send” then mail will receive for change password.

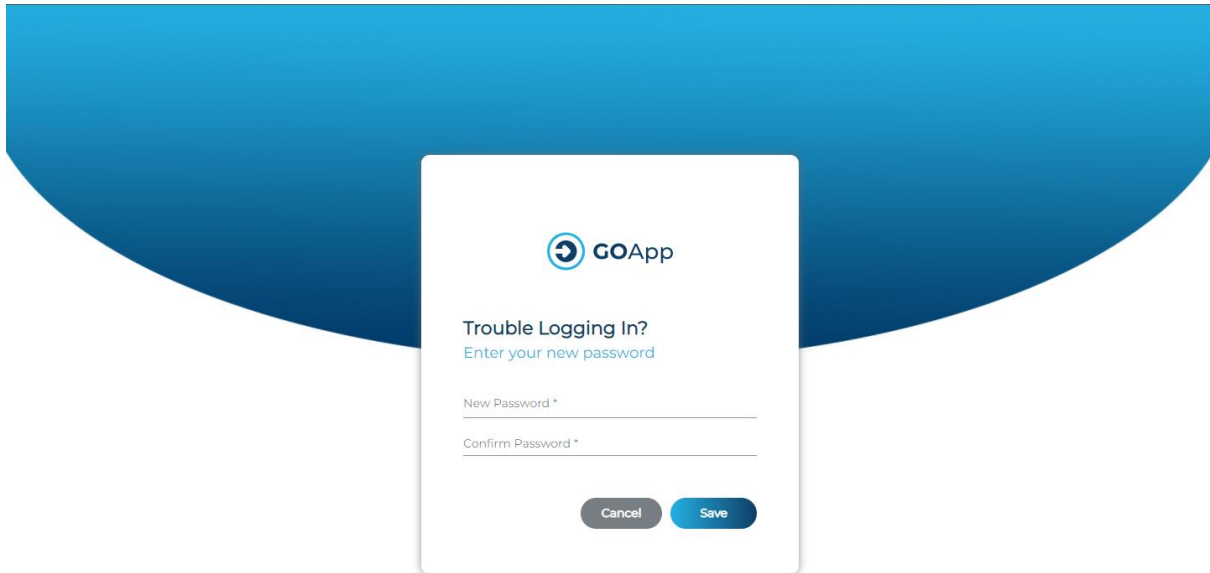

User Documentation

Step 72: Click on received mail, 'set password' page will open. Now you can enter new password = "Admin" and confirm password = "Admin". Make sure new password and confirm should same.

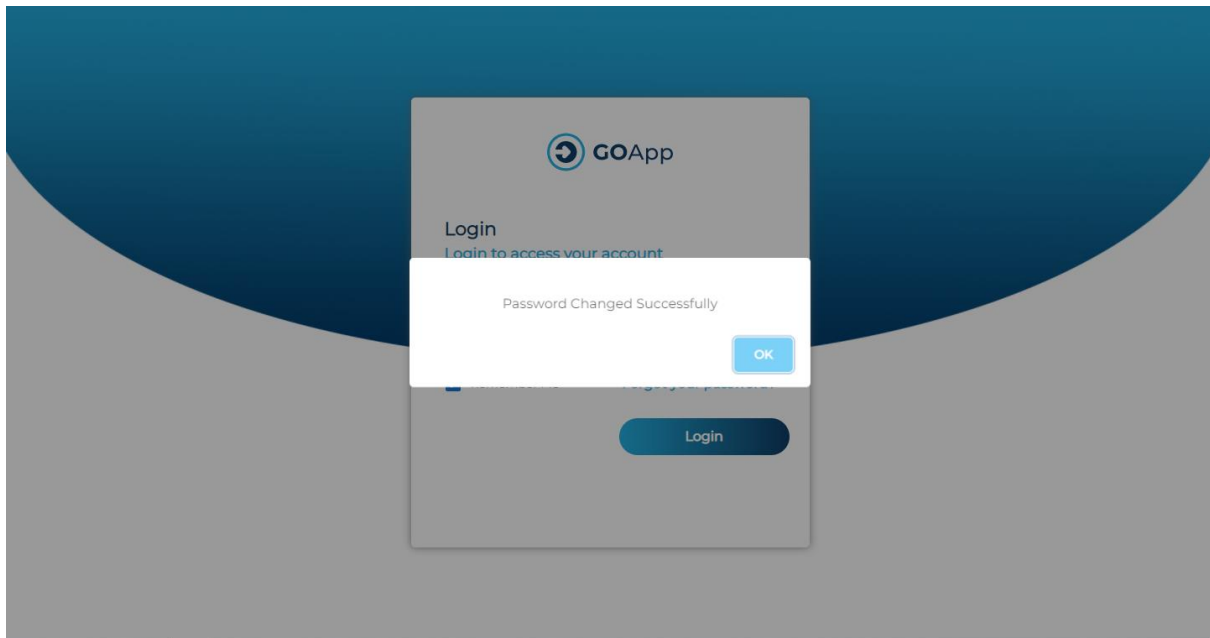

User Documentation

The screenshot shows a white modal dialog box centered on a blue gradient background. At the top of the dialog is the GOApp logo, which consists of a blue circular icon with a white arrow and the text "GOApp". Below the logo, the text "Trouble Logging In?" is displayed in a bold, dark font, followed by the subtitle "Enter your new password" in a smaller, lighter blue font. There are two input fields: "New Password *" and "Confirm Password *", both with light gray borders. At the bottom of the dialog, there are two buttons: a gray "Cancel" button and a blue "Save" button.

Step 73: Click on 'save' button. "Password changed successfully".

Step 74: Now admin can login with new password.

Step 75: After use of link, reset password link will expired. "Link Expired".

User Documentation

Build Creation

- Step 1:**
- Go to the File (Project) Path
 - Open Terminal
 - Type command- "npm run build"

Step 2: - Waiting till Build Create

Step3: Build Created Successfully

The project was built assuming it is hosted at /.
You can control this with the homepage field in your package.json.

The build folder is ready to be deployed.
You may serve it with a static server:

npm install -g serve
serve -s build

Find out more about deployment here:

https://cra.link/deployment

D:\GoApp\navisaf-frontend>
```

Step 4:

- You can locate the build file when it's created.
- Upload "build" folder on Server Which Steps Give Below

Name	Date modified	Type	Size
build	03-03-2022 17:04	File folder	
node_modules	01-03-2022 14:34	File folder	
public	01-03-2022 14:30	File folder	
src	01-03-2022 14:30	File folder	
.gitignore	01-03-2022 14:13	Git Ignore Source ...	1 KB

File Edit View Git Project Build Debug Test Analyze Tools Extensions Window Help Full Screen

User Documentation

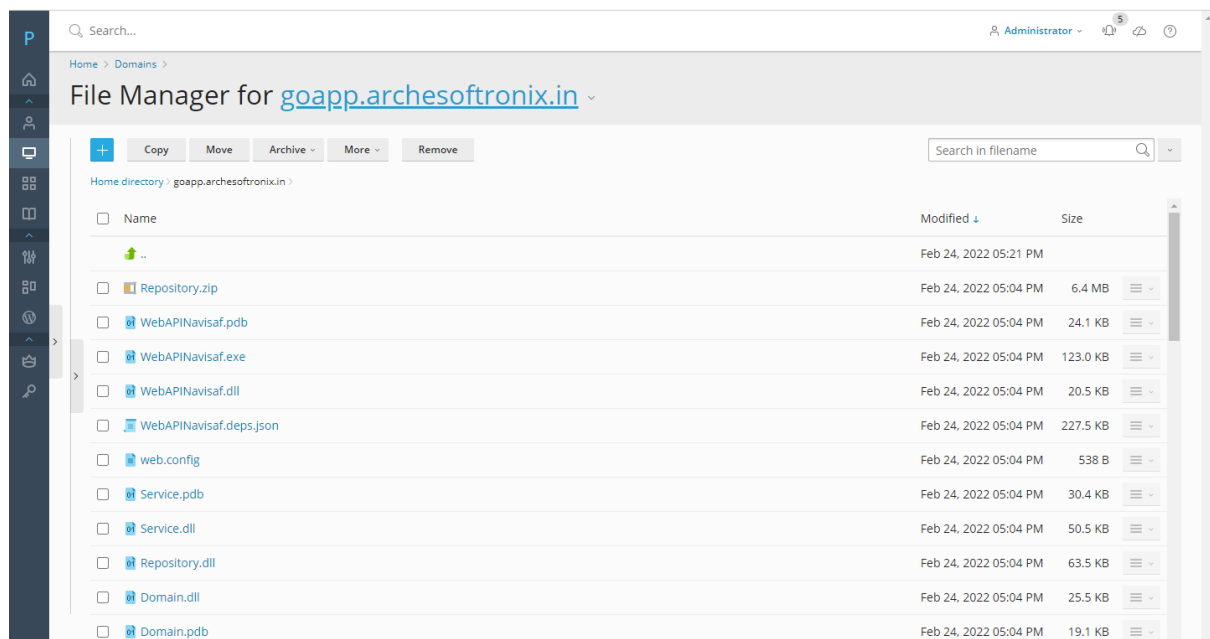

- For first time deployment make compress file of all publish folder and upload on server

For changes deployment upload particular DLL on server.

After deployment check changes are done or not.

- Upload server panel from browser or can use FTP software to upload files on server
